

# United States Department of the Interior

## NATIONAL PARK SERVICE

Yosemite Medical Clinic  
P. O. Box 550  
Yosemite, California 95389

To Whom it May Concern:

Yosemite National Park is located in a remote portion of central California within the Sierra Nevada mountain range. The closest pharmacy is a 1 hour 15 minute drive away in Mariposa.

Yosemite Medical Clinic (YMC), operated by the United States Department of the Interior – National Park Service, is located in Yosemite National Park. The clinic is staffed by a Physician, a Physician Assistant, Registered Nurses, and Emergency Medical Services (EMS) staff. It operates as both a primary care clinic as well as an urgent care facility.

Due to our remote location, we keep a small stock of a variety of medications at the clinic, available for prescription and dispensing to our patients. This saves the patient the 2 ½ hour round-trip drive to the nearest pharmacy. Additionally, the patient's medical condition is treated in a more expeditious manner, thereby minimizing possible progression of illness or injury.

If you have any further questions, please contact us at the clinic.
